

# BASSETT MECHANICAL

- CONTRACTING ▪ ENGINEERING
- METAL FABRICATING ▪ SERVICE

*Safety is our core value and top priority in our every day culture. Safety 24/7*

## Service

*“Bassett has been our preferred HVAC contractor for 30+ years. There are many reasons why, but what stands out most is the diverse resources that they provide – it’s truly a one stop shop. Repairs, fabrication, new installations, controls, plumbing, cost savings, service contracts - Bassett provides it all. Bassett views their customers as partners and recognizes that if the customer is successful, Bassett is successful.”*

*– Facilities Manager, J.J. Keller & Associates*

**Creating Customers for Life®**

*Maintenance Services*

*24 hour Emergency Service - 365 Days Per Year*

*Nearly 100 Technicians*

Bassett Mechanical is a proven industry leader in maximizing the efficiency and reliability of your industrial refrigeration, HVAC, plumbing, and control systems; a preferred provider in both comfort and process systems.

### Custom Service Program

- Customizable service program covers the mechanical maintenance of your entire system, including controls, mechanical components, parts, and labor
- Nearly 100 certified HVAC, industrial refrigeration and systems control technicians - RETA Certified
- On-going system preventative maintenance assures optimal energy efficiency and extended equipment life – protecting your investment

### Programs That Set the Industry Standard

- Predictable, fixed price for service to help manage your costs, including equipment failures
- Opportunities to reduce operational costs with our energy optimization planning
- Improved system reliability, efficiency, and extended equipment life
- Proactive equipment replacement and capital budgeting
- Automated service reports. Web viewing software to monitor your equipment history and complete access to all maintenance records
- Technical support for Ammonia Refrigeration Systems
- National coverage capabilities through our nationwide LINC network

### Additional Services

Bassett Mechanical offers a unique combination of engineering and field management expertise allowing us to be your single source for design, fabrication, project planning, and installation. Other services include:

- Filtration media
