

Creating Customers for Life®

## CORPORATE GIVING PHILOSOPHY AND GUIDELINES

### Philosophy

Bassett Mechanical's corporate giving program is dedicated to supporting local initiatives, especially those which meet the basic needs of members in our immediate community. Our charitable contributions are also dedicated to supporting the interests and causes of our staff, customers, and local partners.

### Corporate Giving Guidelines

In honoring the work of our local organizations, and believing in the power of teamwork and community, Bassett Mechanical supports initiatives and programming in the form of annual gifts to well-established agents of change and service.

### Recipients

- Local human service agencies, non-profit organizations, schools and environmental groups receive priority.
- Academic and athletic programs in the immediate community (supporting whole teams and groups versus individual athletes/students).
- Bassett Mechanical proudly supports the United Way. Because of this ongoing commitment, Bassett Mechanical is able to support organizations through the funding these groups receive from the United Way. Additional requests from those organizations will receive secondary consideration.
- Bassett Mechanical recognizes the various arts and entertainment efforts (Music/Theater/Performance) in our community with our patronage, but does not actively support through our charitable giving program.

If you have any questions regarding our charitable giving program, and whether your organization would be considered for funding, please see contact information below. Please send all requests in writing to:
