**Subject: NR488 REFRIGERANT REGISTRATION APPROVED, EXPIRES ON 12/31/2024**

Dear Registrant:

Your annual registration to salvage or dismantle equipment containing regulated refrigerants, as required by Chapter NR 488, Wisconsin Administrative Code, has been approved. Enclosed is your registration certificate. This certificate must be prominently displayed at your facility (Section NR 488.03(3)(a), Wis. Adm. Code). This registration will expire on December 31, 2024. The Department will send you a renewal form one month before that date.

Please be reminded of your record-keeping requirements, as provided in Section NR 488.06, Wis. Adm. Code. These records must be kept for 3 years and be made available to the Department upon request:

- (1)(a) A training certificate for each individual certified to operate approved refrigerant recovery equipment under s.NR488.08;
- (1)(b) The brand, model number and serial number of each piece of approved refrigerant recovery equipment used for refrigerant recovery;
- (1)(c) The type of equipment, the serial number or other identification number of each individual unit of refrigeration equipment salvaged or dismantled, and the date that the person either recovers the regulated refrigerant from that unit or determines that no regulated refrigerant remains in that unit. Examples of records suitable to identify individual units of refrigeration equipment include make, model and vehicle identification (VIN) for vehicles with air conditioning, and numbering or marking which uniquely identifies each unit of refrigeration equipment salvaged or dismantled.
- (1)(d) Records regarding the repair and maintenance of approved refrigerant recovery equipment, including date and nature of each repair or maintenance action.
- (2) Documentation of refrigerant recovery provided (as required in s. NR 488.05) to scrap metal processors.

**If your facility holds a Salvage Dealer License with the Wisconsin Department of Transportation, you must send them a copy of this letter and enclosed registration certificate when you renew your DOT salvage license (Section 218.21, Wis. Stats).**

Please contact me at (608)-220-0912 with any questions regarding your registration. You can also find information and forms on our website - go to [dnr.wi.gov](http://dnr.wi.gov) & search for "refrigerant".

Sincerely,

Refrigerant Recovery Program Coordinator
